Unlike those camps that chip the ice, so the syrup rolls off the ice into the bottom of the cup into, , sticky stuff, We shave the ice into fine snowflakes that encapsulate the flavors into the icy snow.

And do we have flavors for us to choose from. Yes, for us to choose for you, because we know better what you really want.

You just say "Sweet, Sour, Fruity or Tropical", and we'll blend our flavors for your desire you never knew.

up to six flavors on each Cone, and kids get a double cone with twelve carefully layered flavors to gently blend. We will make a cool down cone for an over heated kid anytime If we have the Ice and someone to do it.

We take pride in our Snow and it takes a lot of effort to make it, so we don't provide it for your personal cup, just to melt and cool your watered down drink, so don't even insult us and ask.

We do delish Rainbow SnowCones in a paper cone. Not in your cup. A cup of colored snow just isn't a SnowCone.

You can use your SnowCone to cool down our FireFries, said to be the best in the world according to a visiting world traveler and they are back for you to enjoy.

They only come in one flavor, Hot. But the best hot flavor. If you like spicy, try the FireFries.

While at our camp feel free to ask about our contraptions and the Big Tent which has grown from a two wall shade for our tents to the huge shade space for way over four hundred guests a day. Come enjoy the shade anytime you need.

Kids can jump the line and bring their elders with them if they are kindly kids.

Bring your campmates or an Artcar full of the tired and toasted, we have the room.

Just off 9:00 Plaza, we hope to see you there for our world class FireFries and the best SnowCones on the Playa.

Unlike those camps that chip the ice, so the syrup rolls off the ice into the bottom of the cup into, , sticky stuff, We shave the ice into fine snowflakes that encapsulate the flavors into the icy snow.

And do we have flavors for us to choose from. Yes, for us to choose for you, because we know better what you really want.

You just say "Sweet, Sour, Fruity or Tropical", and we'll blend our flavors for your desire you never knew.

up to six flavors on each Cone, and kids get a double cone with twelve carefully layered flavors to gently blend. We will make a cool down cone for an over heated kid anytime If we have the Ice and someone to do it.

We take pride in our Snow and it takes a lot of effort to make it, so we don't provide it for your personal cup, just to melt and cool your watered down drink, so don't even insult us and ask.

We do delish Rainbow SnowCones in a paper cone. Not in your cup. A cup of colored snow just isn't a SnowCone.

You can use your SnowCone to cool down our FireFries, said to be the best in the world according to a visiting world traveler and they are back for you to enjoy.

They only come in one flavor, Hot. But the best hot flavor. If you like spicy, try the FireFries.

While at our camp feel free to ask about our contraptions and the Big Tent which has grown from a two wall shade for our tents to the huge shade space for way over four hundred guests a day. Come enjoy the shade anytime you need.

Bring your campmates or an Artcar full of the tired and toasted, we have the room.

Just off 9:00 Plaza, we hope to see you there for our world class FireFries and the best SnowCones on the Playa.

Unlike those camps that chip the ice, so the syrup rolls off the ice into the bottom of the cup into, , sticky stuff, We shave the ice into fine snowflakes that encapsulate the flavors into the icy snow.

And do we have flavors for us to choose from. Yes, for us to choose for you, because we know better what you really want.

You just say "Sweet, Sour, Fruity or Tropical", and we'll blend our flavors for your desire you never knew.

up to six flavors on each Cone, and kids get a double cone with twelve carefully layered flavors to gently blend. We will make a cool down cone for an over heated kid anytime if we have the Ice and someone to do it.

We take pride in our Snow and it takes a lot of effort to make it, so we don't provide it for your personal cup, just to melt and cool your watered down drink, so don't even insult us and ask.

We do delish Rainbow SnowCones in a paper cone. Not in your cup. A cup of colored snow just isn't a SnowCone.

You can use your SnowCone to cool down our FireFries, said to be the best in the world according to a visiting world traveler and they are back for you to enjoy.

They only come in one flavor, Hot. But the best hot flavor. If you like spicy, try the FireFries.

Join with us in our huge shade tent for FireFries and SnowCones and bring yourself back to life after a hard night, hot morning and cool down before heading into the Playa heat, or anytime you need shade.

Kids can jump the line and bring their elders with them if they are kindly kids.

Bring your campmates or an Artcar full of the tired and toasted, we have the room.

Just off 9:00 Plaza, we hope to see you there for our world class FireFries and the best SnowCones on the Playa.

Unlike those camps that chip the ice, so the syrup rolls off the ice into the bottom of the cup into, , sticky stuff, We shave the ice into fine snowflakes that encapsulate the flavors into the icy snow.

And do we have flavors for us to choose from. Yes, for us to choose for you, because we know better what you really want.

You just say "Sweet, Sour, Fruity or Tropical", and we'll blend our flavors for your desire you never knew.

up to six flavors on each Cone, and kids get a double cone with twelve carefully layered flavors to gently blend. We will make a cool down cone for an over heated kid anytime If we have the Ice and someone to do it.

We take pride in our Snow and it takes a lot of effort to make it, so we don't provide it for your personal cup, just to melt and cool your watered down drink, so don't even insult us and ask.

We do delish Rainbow SnowCones in a paper cone. Not in your cup. A cup of colored snow just isn't a SnowCone.

You can use your SnowCone to cool down our FireFries, said to be the best in the world according to a visiting world traveler and they are back for you to enjoy.

They only come in one flavor, Hot. But the best hot flavor. If you like spicy, try the FireFries.

While at our camp feel free to ask about our contraptions and the Big Tent which has grown from a two wall shade for our tents to the huge shade space for way over four hundred guests a day. Come enjoy the shade anytime you need.

Look for our white corner tower, lit up at night.

Bring your campmates or an Artcar full of the tired and toasted, we have the room.

Just off 9:00 Plaza, we hope to see you there for our world class FireFries and the best SnowCones on the Playa.

Unlike those camps that chip the ice, so the syrup rolls off the ice into the bottom of the cup into, , sticky stuff, We shave the ice into fine snowflakes that encapsulate the flavors into the icy snow.

And do we have flavors for us to choose from. Yes, for us to choose for you, because we know better what you really want.

You just say "Sweet, Sour, Fruity or Tropical", and we'll blend our flavors for your desire you never knew.

up to six flavors on each Cone, and kids get a double cone with twelve carefully layered flavors to gently blend. We will make a cool down cone for an over heated kid anytime If we have the Ice and someone to do it.

We take pride in our Snow and it takes a lot of effort to make it, so we don't provide it for your personal cup, just to melt and cool your watered down drink, so don't even insult us and ask.

We do delish Rainbow SnowCones in a paper cone. Not in your cup. A cup of colored snow just isn't a SnowCone.

You can use your SnowCone to cool down our FireFries, said to be the best in the world according to a visiting world traveler and they are back for you to enjoy.

They only come in one flavor, Hot. But the best hot flavor. If you like spicy, try the FireFries.

While at our camp feel free to ask about our contraptions and the Big Tent which has grown from a two wall shade for our tents to the huge shade space for way over four hundred guests a day. Come enjoy the shade anytime you need.

Kids can jump the line and bring their elders with them if they are kindly kids.

Bring your campmates or an Artcar full of the tired and toasted, we have the room.

Just off 9:00 Plaza, we hope to see you there for our world class FireFries and the best SnowCones on the Playa.

Unlike those camps that chip the ice, so the syrup rolls off the ice into the bottom of the cup into, , sticky stuff, We shave the ice into fine snowflakes that encapsulate the flavors into the icy snow.

And do we have flavors for us to choose from. Yes, for us to choose for you, because we know better what you really want.

You just say "Sweet, Sour, Fruity or Tropical", and we'll blend our flavors for your desire you never knew.

up to six flavors on each Cone, and kids get a double cone with twelve carefully layered flavors to gently blend. We will make a cool down cone for an over heated kid anytime If we have the Ice and someone to do it.

We take pride in our Snow and it takes a lot of effort to make it, so we don't provide it for your personal cup, just to melt and cool your watered down drink, so don't even insult us and ask.

We do delish Rainbow SnowCones in a paper cone. Not in your cup. A cup of colored snow just isn't a SnowCone.

You can use your SnowCone to cool down our FireFries, said to be the best in the world according to a visiting world traveler and they are back for you to enjoy.

They only come in one flavor, Hot. But the best hot flavor. If you like spicy, try the FireFries.

While at our camp feel free to ask about our contraptions and the Big Tent which has grown from a two wall shade for our tents to the huge shade space for way over four hundred guests a day. Come enjoy the shade anytime you need.

Don't miss our open Iranian dinner on Weds night, starting at 8pm. Nothing like yummy Iranian / Persian stews over fluffy rice and tahdig, on the playa!!

Since our camp consists of mostly veteran burners of Iranian / Persian descent, we are really good at two things that can be helpful on the playa, hospitality and fun desert dwelling wisdom. We plan on showcasing both for our fellow burners.

As such the YOUiversal Tea House will include a daily variety of ancient Iranian / Persian favorites, time tested to do well in a desert setting:
